

Long-Acting Reversible Contraception Funding for Training

Full funding is available for clinicians to undertake coil or implant training. The online theory assessment and letter of competency will be funded with free practical training being provided by Bayer or Organon, depending on LARC chosen.

[Click for more information on the training options;](#)

[Letter of Competence Subdermal Contraceptive Implants Techniques Insertion and Removal \(LoC SDI-IR\)](#)

[Letter of Competence Intrauterine Techniques \(LoC IUT\)](#)
