*Fantastic workshop, the best menopause teaching I've attended as often talks only have time to go through menopause basics however this was exactly what I wanted from a menopause talk, going through difficult scenarios. Juliet was a great teacher. If there could be anything to improve it would be to have a longer workshop to learn even more!*

*The training was very interactive, interesting building on good evidenced based knowledge. I feel I have taken more away from this update than from my original starting course.*

*Nothing to be improved amazing course I have learned so much and has improved my diabetes knowledge/confidence (still a lot to learn) Kriss and Carmen are amazing Course led at a good pace, did not feel rushed and answered all questions*
